**Award of Bids:**

David Albright presented discussion concerning the award or rejection of bids for General Construction, HVAC, Plumbing and Electrical Work for the interior alterations and HVAC improvements to the second floor of the historical side of the Courthouse. Mr. Albright reminded everyone of the bid opening date of June 27, 2018 and that action to award or reject bids must take place 30 days of this date.

Mr. Albright stated that three (3) bids were received for general construction, one (1) bid for HVAC, one (1) bid for plumbing and three (3) bids for electrical work. He stated that while the bids for general, plumbing and electrical work were within projected estimates, the one and only bid received for HVAC work is \$300,000.00 over the projected estimate.

Mr. Albright reviewed the list of lowest bidders meeting specifications.

Mr. Albright presented discussion as to whether the bid for the HVAC work should be rejected and re-advertised. He stated that by rejecting and re-advertising there is no guarantee that more bids or lower bids would be received, and if no bids were received that would cause further delays in the project.

Mr. Albright presented discussion as to whether or not there could be some project design changes that may reduce costs. He stated that he may be able to pursue some changes that could reduce the cost by \$50,000.00. However, if the board were looking to reduce the cost more than \$50,000.00 the project would really need to be scaled back.

Discussion followed.
