COVID-19 Nonprofit Resources Hub

<https://www.uwp.org/covid19nonprofithub/>

United Way of Pennsylvania has created a resource hub which is tailored to nonprofits and organizations responsible for providing health and human services. This information is curated on a daily basis, with the goal of helping all people-serving organizations be aware of directives from federal and state government throughout the pandemic, and to share other helpful information which may assist with business and mission continuity. Some information is for local United Ways only, but most is open for everyone.
