The Fund had an investment return of 7.1% for the quarter (all returns are net of investment management fees), trailing its policy benchmark return of 7.7%. Underperformance by the Fund was largely driven by a tilt towards value stocks within U.S. Equities and underperformance by the Nuveen Global Infrastructure Fund. Still, the Fund's second quarter return ranked in the top 39% in a national database of public funds of all sizes. Year-to-date, the Fund has returned 7.8%, topping its policy benchmark return of 7.6% and ranking in the top 4% in a national database of public funds of all sizes

**Rebalancing Proposal:** The Controller's Office determined that \$115,000 is needed from the Fund to meet August distribution payments. Mr. Wing presented a rebalancing option to the Board that proposed a redemption of \$100,000 from the Vanguard Total Stock Market Index Fund, a \$75,000

redemption from the Fidelity Extended Market Index Fund, a \$100,000 redemption from the Fidelity Global ex U.S. Index Fund, and a purchase of \$160,000 of the Baird Intermediate Bond Fund.

This would accomplish multiple goals. First, the rebalancing would more closely align the Fund's asset allocation to the targets as set forth in the Investment Policy Statement. Second, it would raise the necessary liquidity to meet August distribution payments.
